Sir

Subject - Construction of Theatre in Tarikere by the side of - Kabarstan by L V. Thammiah.

We the leading Muslim members of Tarikere Town understand that an endorsement is issued by Government to Mr Thammiah recently asking him to intimate if he is willing to put up a high compound wall to the Kabarstan at his own cost. If a license is granted to him for construction of a Cinema - Theatre in the place adjacent to the Kabarstan this may be in accordance to the resolution passed by the Municipal Council on 3-8-46 against which some members had notified vote of dissent. This shows that the Municipality have an inclination to grant a license for construction of theatre in that particular ~~plexx~~ place though the entire Muslim public are against such an act on religious sentiments.

Whether a high compound wall is errected or not the santity of the ~~plxce~~ place does not alter but remains the same. You are aware that the Muslims greatly respect their dead and attach great - Santity to the place where their ancestors and saints are burried. It is needless to what extent the feelings and the sentiments of the Muslim Public would be wounded if attempt is made to polute their place of Santity. We cannot

also

also say at this juncture as to what communal turn such an act on the part of the authorities may take, suffice to say that the communal feelings in the town will be embittered may result in disastorous consequences.

We thefefore respectfully pray, Sir, that as Government has already declined this license on the report of the Director of Health and Government Architect as unfit for construction of theatre being adjacent to Muslim Kabarshan you will kindly see that no license is granted for the construction of theatre in this place and thus respect the religious sentiment of the Muslim and protect peace and communal feeling in the town. It is needless to write that Muslims have no objection what so ever for your granting a license for a theatre in any other unabjectionable area i e. place.

We are sending a copy of this letter to the President of the Muslim League for his information and taking necessary action as it is necessary to protect the rights of the Muslim.

We request the favour of acknowledgment for this letter and intimation as to the action ~~xxxxx~~ you propose to take in the matter.

Sir,

Subject - Construction of a Cinema in Tarikere Town by Mr L B Thammiah, by side of Khabarsthan

With reference to your letter No L 4970/P dated 15th October 46, forwarding a petition from certain Muslim residents of Tarikere Town protesting against the grant of a license to one Mr L B Thammiah for the construction of a Cinema near the Khabarsthan, I have the honour to state that I heard both the Muslims and Mr Thammiah on 21st September 1946 and inspected the spot The Muslims were represented by Mr Syed Abdur Rahman Advocate and Member of the Legislative Council, Shimoga and Mr Thammiah by Mr Prabhu, Advocate, Shimoga The counsel for the Muslims in his arguments said, that they had no objection to Mr Thammiah putting up residential buildings but they object to the construction of the cinema building on sentimental grounds He could not say what exactly their grounds were apart from saying that they object to the construction of a Cinema Building on sentimental grounds Mr Prabhu replied that the objection was untenable as no sane reasons were assigned and that in the past Muslims themselves had given their khabarasthan grounds for putting up cinema and drama tents In reply the counsel for the Muslims said that Muslims were largely governed in their action by sentiments and that they would sacrifice their lives if necessary and that if license is granted, the entire Muslim population of Tarikere Taluk and even the Muslim population of the State would fight and that blood would flow like water In the interests of communal harmony, the feelings of the Muslims should be respected and that license need not be granted to Mr Thammaiah as the site has been condemned by the consulting Architect and that the party may be asked to choose a separate site In this connection I wish to add that this kind of argument is unbecoming of an Advocate of the high Court and a Member of the Legislative Council of the State I was strongly inclined, inspite of his arguments, to grant the license, as it is certainly not expedient to concede points merely on the sentimental grounds especially when there is absolutely no basis for showing any leniency to the sentiments

of this nature I found in the Gazette of 20-9-1946 the rules regulating the grant of licenses to cinemas Under ~~this rule~~ Rule 11 of the rules, I am afraid it is not possible for me to grant any license in the place selected by Mr Thammiah as this place does not comply with the conditions prescribed in rule 11 as it is by the side of an existing school But as Mr L B Thammiah applied for the grant of a license prior to the notification of the rules in the Gazette, I feel a doubt whether his application should be rejected ~~or not~~ I request therefore kind instructions in the matter as to whether this rule applies to the applications presented before the notification of the rules The site plan, etc , are herewith submitted for kind reference The parties may kindly be heard if deemed necessary

With reference to the correspondence ending with your letter No A3 C 3963/46 dy 17-10-46 re grant of ~~a license~~ a site to M/s L.B. Thaammah for the construction of a cinema at Tanken I am directed to state as follows—

The cinematograph (recently issued) Rules apply to buildings in respect of which applications are made for the grant of licenses under section 3 of the Cinematograph Act for the exhibition of cinema shows. They do not apply to vacant sites on which it is proposed to

put up a building and the question does not therefore arise as to whether the above same rules apply or not to a site in respect of which an application for the grant of a licence to construct a cinema has been made of a building is put up on the site and an application is made for the grant of a licence for running cinema shows under section 2 of the Cinematograph Act, the rules made in this behalf come into operation then, and if the building is within a distance of 220 yds from any existing school or hospital, the building cannot be licensed for cinema shows. The person who constructs a building which does not satisfy the requirement of the Rules would have done so at his own risk. It is however desirable to prevent contraventions in such

In view of the above material facts,

Regarding Grant of a site to Mr L B Thammiah, for the construction of a Cinema Theatre at Tarikere

With reference to your letter No L 7816 dated 26th November 1946, calling for my definite opinion on the above subject, having regard to the local conditions, I have the honour to state that the Muslims of Tarikere seem to have now changed their views and, there seems to be no objection for the construction of the Cinema by the side of the Khabarastan, as the Muslim Members in the Municipal Council have not objected Since Mr L B Thammiah, applied for the license about two years back,

about two years back, I am of opinion that he may be permitted to construct the building and license for Cinema granted subject to the following conditions -

1 That a wall of 10 feet height should be constructed adjoining the khabarstan
2. That cinema shows should not be conducted during the working hours of the schools

In this connection, I wish to state that the other Cinema building which is already under construction and for which a license has been granted already before the present rules came to force and the one proposed to be constructed by Mr L B Thammiah are both situated at equi-distances from the school zone The Periyapatna Town Municipal Council has also resolved on 4-1-1947 that Mr L B Thammiah may be permitted to construct the building on the site in question subject to the two conditions referred to above The records are enclosed

Sir,

Subject:- Grant of a site to Mr I B Thammaiah, for the construction of a Cinema Threatre at Tarikere

Adverting to your letter No I 13378 dated 3-4-47 on the above subject, I have the honour to state that enquiries into the objections were made by me at Tarikere on 21st January 1948 The Muslim signatories to the petition presented to Government have said that they have no objection for the grant of the site but that they want a wall 10 (ten) feet in height to be put up between the Khabarstan and the site in question The statement of these persons have been recorded Mr Syed Hussain Basha, Khaji has attested the statement But Mr S Mohammed Ghouse is not in favour of the grant of license for the construction of cinema theatre on the site His statement has also been recorded In my opinion, as the Khaji has agreed, the objections raised by Mr S Mohammed Ghouse are not tenable The entire records together with the blue-print showing the site plan are enclosed

In this connection, I am to state that the D O Letter No I 10240 dated 15-11-1947 referred to in your letter dated 7-2-1948 has been mislaid I therefore request you to send a copy of this D O letter dated 15th November 1947, so that replies may be furnished to the additional points if any that might have been raised therein

I have the honour to be
Sir,

The records accompany.
